In this guide, I'll show you how to install Sportz TV IPTV APK on FireStick. This app is supported on all existing Fire TV line devices and Android TV Boxes. If you're an existing Sportz TV user and have problems with streaming channels/downloads, here's a guide you can follow to fix the problem. Sportz TV is one of the best IPTV services for FireStick I've come across recently. This app covers a wide range of media types including Live TV and video on demand (movies and TV shows). You'll find plenty of content in each category (more than I could ever stream). The active development team behind this app also continues to add new content quite regularly. With an incredibly user-friendly and smooth interface and high-quality streaming, Sportz TV is also included in our list of the best apps for FireStick. Sportz TV is a paid app and therefore apparently better supported than its free counterparts. I haven't found any non-working thread. The app comes with a lot of features, the multiscreen feature is one of the biggest moments. I think Sportz TV for FireStick may also be the only app that you may need for all your streaming requirements. The best highlights of Sportz TV FireStick App Here are some of the main features of the Sports TV app on FireStick: - Thousands of Live TV/IPTV channels from the U.S. and around the world - Plenty of on-demand content including your favorite movies and shows - High-quality streaming in resolution up to 1080p - A handy interface with professional touch and easy navigation - Bonus features, Such as multi-screen feature - Catch Up TV available - Allows you to install and use EPG - DVR functionality is available with compatible devices - Allows you to choose an external media player of your choice - Vul-supported - Low Price Attention FireStick users: Read before continuing to governments and providers around the world to monitor the online activities of their users. If you find streaming copyrighted content on fire TV Stick, you could get into serious trouble. Currently, your IP is visible to everyone. I highly recommend you get a good FireStick VPN and hide your identity, so your movie viewing experience doesn't take a bad turn. I use ExpressVPN, which is the fastest and safest VPN in the industry. It's very easy to install on any device including the Amazon Fire TV Stick. In addition, it comes with a 30-day cash protection guarantee. If you don't like their service, you can always ask for a refund. ExpressVPN also has a special offer where you can get 3 months free and save 49% on an annual plan. Here are the reasons why you should use a VPN all Read: How to install and use a VPN on Fire Stick How to subscribe to the Sportz TV Service Note: You will receive two separate emails for two different login details. Keep your email safe. I have provided more information about Sportz TV login details in the next section To use Sportz TV on FireStick, you must first buy a paid monthly subscription. You can get started The registration process by selecting one of the subscription plans for the Sportz TV team currently only offers monthly plans starting at \$9.95 per month. Here's a quick plan of details: \$9.95: 2 screens \$14.95: 3 screens \$19.95: 4 screens apparently you pay \$5 extra monthly for each added screen. By the number of screens, this means the number of simultaneous threads allowed. If you're going to use the app for family, you may want to consider a plan with a large screen. However, you can always start with a baseline that costs you \$9.95 per month and switch to a higher plan later may be necessary. Note: There are no free trials here. You can request one later from the dashboard. Free trials are not available on weekends (Friday, Saturday, Sunday) Select plan and click Subscription to the lower subscription alert tip displayed. I say you read it for a better understanding of what you're up to. The warning also contains useful information. For example, it may take up to two hours to activate the service after paying Click I understand to start a subscription when you are ready you will now be asked to provide detailed information about the subscription. Enter the desired username and email. Important!!! It is extremely important to provide a valid and working email address. All login credentials to the app will be sent to this email address. You get an automatic username and password. You can't create your own. You can restore it with a web-based login panel to select the device on which you are going to use the Sports TV app. In our case, it will be Amazon FireStick / TV Click Get a subscription when you're ready note: Currently, you can make a payment only with your credit/debit card PayPal payment does not work any more important things to note about the new Eskaypay payment processor: It does not support the automatic update you have to create a new login, even if you are updating the service therefore, extend only when your subscription has expired PayPal. Eskaypay is only an interim payment agreement SportzTV plans to use the best payment processor once they find one once your payment is successful, a hint will appear. You have successfully subscribed to Sportz TV services. Wait for the letters from Sportz TV. Sportz TV will send two credentials in two separate emails. 1) Login Website Details: These details are used to log in to your Sportz TV dashboard in the web browser . The website's login will help you manage your Sportz TV account. You can log in with your email address/user name and the password generated by the system (sent in this email), you can't use these Enter the Sportz TV FireStick 2) App Login Details: Sportz TV will send login credentials to the app in a separate email. Both the username and password 8 Digits note down username and password and keep them them Safe. Also, keep this letter safe. In fact, you can send this email to other email addresses if you use multiple emails. How to install Sportz TV APK on FireStick Note: If you have an existing version of the app already installed on FireStick, make sure you remove it first before following this guide now that you've subscribed to the service, you can install Sportz TV and start using it on FireStick. In the next section, we explore and learn how to use the Sportz TV FireStick app. Your FireStick/Fire TV is now all set to stream your favorite content. However, before I start, I would like to warn you that everything you stream online is visible to your provider and government. This means streaming free movies, TV shows, sports can get you into legal trouble. Fortunately, there is a reliable way to keep all your streaming activities hidden from your provider and government. All you need is a good VPN for Fire Stick. A VPN will mask your original IP, which is and will help you get around online surveillance, ISP regulation, and geo-limitations content. I personally use and recommend ExpressVPN, which is the fastest and safest VPN. It is compatible with all kinds of streaming applications and is very simple in on Fire TV/Stick. We do not encourage copyright violations. But what if you end up streaming content from an illegal source inadvertently? It's not always easy to tell the difference legal and illegal source. So before we start streaming on Fire Stick/Fire TV, let's see how to use ExpressVPN to keep streaming activities hidden from prying eyes. Step 1: Subscribe to ExpressVPN ESY. It comes with a 30-day cash protection guarantee. This means that you can use it freely for the first 30 days, and if you are not satisfied with the performance (which is highly unlikely), you can ask for a full refund. Step 2: Power on your Fire TV/Stick and go to search option on the far left. Now screw Expressvpn (no quotes) into the search bar and select ExpressVPN when it appears in Search Results Step 3: Click Download to install the ExpressVPN app for Fire TV/Stick. Step 4: Open the app and enter your credentials that you created when you bought an ExpressVPN subscription. Click Log Step 5: Tap the power icon to connect to the VPN server. That's all. Your connection is now safe with the fastest and best VPN for FireStick. You can also read more information about using ExpressVPN with Fire TV/Stick. How to use Sportz TV APK on FireStick Let's first see how to access this app. That's because you won't find the sportz TV app on fireStick's home window yet. You can move it to them though. One way is to hold the Home button on the amazon FireStick for a few seconds before displaying the pop-up. Click apps on this window to go to the section of your apps and channels where all installed apps are located. Another way is to choose a second series called your apps and channels in your home window. Now go left or right all the way and click See All. Scroll down to the bottom of the app list and click Sportz TV If you want the Sportz TV app to be more likely on the FireStick home screen, select the app and click the menu button on the remote control (3 lines). A small pop-up appears in the bottom right corner of the TV. Click Move and move the app to the first or second row in order to appear on the home window. Let us know to start researching the app. When you first start the app, you'll need to log in using the app login data. As I said earlier, you must have received an email with login details to the app. - Enter username and password - Also, enter any name of your choice in the any name box - Click Add User Note: You can add more users later. You can have as many users as you want for an account. However, the number of simultaneous threads is limited to the subscription plan. For example, if you choose a base plan for \$9.95, you can have 5 users, but only 2 will be able to stream at any given time. The next select the person you've added and click select on the remote control. Click the login to log in and start streaming When you log in for the first time, wait a few minutes for Sportz TV to get everything ready on FireStick Here's the main box of the Sportz TV FireStick Category app is quite obvious. You can Live TV or watch on-demand movies and TV series. How to use the multi-screen feature of the latest Sportz TV FireStick App In its latest version 2.1, Sportz TV has added a new multiscreen feature. This feature allows you to watch up to 4 Live TV streams on one screen. You can also call it a split-screen feature. You just need to click the Multi-Screen option in the app's home window to get started. Here's the Multi-Screen button. Choose the channel you want to broadcast in the next window. Important details about multi-screen feature - multiple threads will play at the same time. The sound will only sound for the chosen stream. - If you want to watch any full-screen stream, just select and click on this stream. - Once in full-screen mode, you can press the Back button at any time to return to this multiscreen window. - You can play as many simultaneous channels on the multiscreen window as your subscription plan allows. If you want to play more channels, you will need to add more connections. For example, if you have a baseline of \$9.95, you can only play up to 2 streams - Each stream requires its own share of internet bandwidth. This feature may not work properly on the low connection speed Handy Different information on the Sportz TV FireStick App You can start streaming your favorite content after the next steps above. However, you may be able to enhance your overall experience with the additional information I provide here. Use MX Player, despite the fact that Sportz TV comes with a built-in video player, if you have any problems with buffering. I recommend using MX Player MX Player lightweight and sleek How to change Media Player If you are experiencing problems with the built-in media player, you can always change it from inside Sportz TV Settings Go to Sportz TV Settings from its main window and click External Players . Click Add Player Select new player you want to add (MX Player recommended) Note: You can choose a few players Click back. Click Player Selection Sportz TV FireStick app lets you select a different media player for each category. For example, you can continue to play Live TV in the build player and choose the MX Player for movies or the Select Player series you want to assign for each category Change Of Player Settings in Sportz TV App From the main window of the Sportz TV app to FireStick. Tap the cog icon in the top right to go to The Settings Player/ Setting on the next Select Home window and click Save Changes As Contact Sportz TV Team Support do not provide pre-sales support. You can contact the Sportz TV team directly 1-support by email Log in on from your account site and click Contact us in the left sidebar Fill out the form and send them an email to 2- Telegram Telegram Support: Download the Telegram app to your mobile phone, tablet or computer Use the following link to the invitation to join chat support: If you lost your email, Containing login credentials to the app, here's how you can recover it: 1- Go to and log in your web login Details 2- Click My Orders in the right section 3- Click Lines in the Options column 4- Your username and password will be displayed on the Verdict web page I believe that streaming is no better than this at this incredible price. You get to host thousands of TV channels, movies and shows for just \$9.95. But the low price does not prevent developers from offering an exceptional streaming experience. The app has a professional and user-friendly design and allows you to stream in up to 1080p resolution. Sportz TV is also fast - with navigation and streaming both.
